Required By Law

- We may use or disclose your protected health information to the extent that the use or disclosure is required by law. The use or disclosure will be made in compliance with the law and will be limited to the relevant requirements of the law. You will be notified, as required by law, of any such uses or disclosures.

Public Health

- We may disclose your protected health information for public health activities and purposes to a public health authority that is permitted by law to collect or receive the information. The disclosure will be made for the purpose of controlling disease, injury or disability. We may also disclose your protected health information, if directed by the public health authority, to a foreign government agency that is collaborating with the public health authority.
- Health Oversight: We may disclose protected health information to a health oversight agency for activities authorized by law, such as audits, investigations, and inspections. Oversight agencies seeking this information include government agencies that oversee the health care system, government benefit programs, other government regulatory programs and civil rights laws.

Abuse or Neglect

- We may disclose your protected health information to a public health authority that is authorized by law to receive reports of child abuse or neglect. In addition, we may disclose your protected health information if we believe that you have been a victim of abuse, neglect or domestic violence to the government entity or agency authorized to receive such information. In this case, the disclosure will be made consistent with the requirements of applicable federal and state laws.

Food and Drug Administration

- We may disclose your protected health information to a person or company required by the Food And Drug Administration to report adverse events, product defects or problems, biologic product deviations, tract products; to enable product recalls; to make repairs or replacements, or to conduct post marketing surveillance, as required.

Legal Proceedings

- We may disclose protected health information in the course of any judicial or administrative proceeding; in response to an order of a court or administrative tribunal (to the extent such disclosure is expressly authorized), in certain conditions in response to a subpoena, discovery request or other lawful proceeds.

Law Enforcement

- We may also disclose protected health information, so long as applicable legal requirements are met, for law enforcement purposes. These law enforcement purposes include (1) legal processes and otherwise required by law, (2) limited information request for identification and location purposes, (3) pertaining to victims of a crime, (4) suspicion that death has occurred as a result of criminal conduct, (5) in the event that a crime occurs on the premises of the pharmacy and (6) medical emergency (not on the pharmacy's premises) and it is likely that a crime has occurred.

Criminal Activity

- Consistent with applicable federal and state laws, we may disclose your protected health information, if we believe that the use or disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public. We may also disclose protected health information if it is necessary for law enforcement authorities to identify or apprehend an individual.

Worker's Compensation

- Your Protected health information may be disclosed by us as authorized to comply with worker's compensation law and other similar legally established programs.

Inmates

- We may use or disclose your protected health information if you are an inmate of a correctional facility and your pharmacy created or received your protected health information in the course of providing care to you.

Required Uses and Disclosures

- Under the law, we must make disclosures to you and when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of Section 164.500 et. Seq.

Your Rights

Following is a statement of your rights with respect to your protected health information and a brief description of how you may exercise these rights.

You have the right to inspect and copy your protected health information

- This means you may inspect and obtain a copy of protected health information about you that is contained in a designated record set for as long as we maintain the protected health information. A "designated record set" contains prescription and billing records and any other records that your pharmacy uses for making decisions about you. Under federal law, however, you may not inspect or copy the following records: information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceedings, and protected health information that is subject to law that prohibits access to protected health information. Depending on the circumstances, a decision to deny access may be reviewable. In some circumstances, you may have a right to have this decision reviewed. Please contact our Privacy Contact if you have questions about access to your medical record.

You have the right to request a restriction of your protected health information

- This means you may ask us not to use or disclose any part of your protected information for the purposes of treatment, payment or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction.

EMERGENCY & DISASTER PREPAREDNESS PLAN

Blue Sky Specialty Pharmacy has a comprehensive emergency preparedness plan in case a disaster occurs. Disasters may include fire to our facility, chemical spills in the community, hurricanes, snow storms, tornadoes and community evacuations. Our primary goal is to continue to service your prescription care needs. When there is a threat of disaster or inclement of weather in the local area, Blue Sky Specialty Pharmacy will contact you prior to any atrocities the city may encounter. However, if there will be a threat of disaster or inclement weather in an area you reside which is outside of the tri-state area, it is your responsibility to contact the pharmacy prior to the occurrence (if permissible). This process will ensure you have enough medication to sustain you.

Blue Sky Specialty Pharmacy will utilize every resource available to continue to service you. However, there may be circumstances where Blue Sky Specialty Pharmacy cannot meet your needs due to the scope of the disaster. In that case, you must utilize the resources of your local rescue or medical facility. Please read the guide below to aide you in the case of an emergency or disaster:

1. The pharmacy will call you 3-5 days before an inclement weather emergencies such as a snowstorm utilizing the weather updates as point of reference
 - a. If you are not in the tristate area and are aware you will be experiencing inclement weather you are responsible for calling the pharmacy 3-5 days before the occurrence.
2. The pharmacy will send your medication via courier or UPS next day delivery during any suspected inclement weather emergencies.
3. If the pharmacy cannot get your medication to you before an inclement weather emergency occurrence the pharmacy will transfer your medication to a local specialty pharmacy so you do not go without medication.
4. If a local disaster occurs and the pharmacy cannot reach you or you cannot reach the pharmacy, please listen to your local news and rescue centers for advice on obtaining medication. Visit your local hospital immediately if you will miss a dose.

5. The pharmacy recommends all patients leave a secondary emergency number.

If you have an emergency that is not environmental but personal and you need your medication, please contact the pharmacy at your convenience and we will assist you.

Cleaning your hands

The most important step to prevent the spread of germs and infections is hand washing. Wash your hands often. Be sure to wash your hands each time you:

- Touch any blood or body fluids
- Touch bedpans, dressings, or other soiled items
- Use the bathroom or bedpan

If you are coughing, sneezing, or blowing your nose, clean your hands often. Before you eat, always clean your hands.

Here's how you should clean your hands with soap and water:

- Wet your hands and wrists with warm water.
- Use soap. Work up a good lather, and rub hard for 15 seconds or longer.
- Rinse your hands well.
- Dry your hands well.
- Use a clean paper towel to turn off the water. Throw the paper towel away.

Here's how you should clean your hands with hand sanitizers (waterless hand cleaners):

- For gel product use one application.
- For foam product use a golf-ball size amount.
- Apply product to the palm of your hand.
- Rub your hands together. Cover all surfaces of your hands and fingers until they are dry.

Home Safety Information

Here are some helpful guidelines to help you keep a careful eye on your home and maintain safe habits. The safe way is' always the right way to do things. Shortcuts may hurt. Correct unsafe conditions before they cause an accident. Take responsibility. Keep your home safe. Keep emergency phone numbers handy.

Medication

- ✓ If children are in the home, store medications and poisons in childproof containers and out of reach.
- ✓ All medication should be labeled clearly and left in original containers.
- ✓ Do not give or take medication that were prescribed for other people.
- ✓ When taking or giving medication, read the label and measure doses carefully. Know the side effects of the medication you are taking.

Mobility Items

When using mobility items to get around such as; canes, walkers, wheelchairs or crutches you should use extra care to prevent slips and falls.

- Use extreme care to avoid using walkers, canes or crutches on slippery or wet surfaces.
- Always put the wheelchairs or seated walkers in the lock position when standing up or before sitting down
- Wear shoes when using these items and be try to avoid obstacles in your path and soft and uneven surfaces.

Slips and Falls

Slip and falls are the most common and often the most serious accidents in the home. Here are some things you can do to prevent them in your home.

- Arrange furniture to avoid an obstacle course
- Install handrails on all stairs, showers, bathtubs and toilets.
- Keep stairs clear and well lit.
- Place rubber mats or grids in showers and bath tubs.
- Use bath benches or shower chairs if you have muscle weakness, shortness of breath or dizziness.
- Wipe up all spilled water, oil or grease immediately.
- Pick up and keep surprises out from under foot including electrical cords & rugs.
- Keep drawers and cabinets closed
- Install good lighting to avoid groping in the dark.

Lifting

If it is too big, too heavy or too awkward to move alone -GET HELP. Here are some things you can do to prevent low back pain or injury.

- Stand close to the load with your feet apart for good balance.
- Bend your knees and straddle the load.
- Keep your back as straight as possible while you lift and carry the load.
- Avoid twisting your body when carrying a load.
- Plan ahead - clear your way.

Electrical Accidents

Watch for early warning signs; overheating, a burning smell, sparks. Unplug the appliance and get it checked right away. Here are some things you can do to prevent electrical accidents.

- Keep cords and electrical appliances away from water.
- Do not plug cords under rugs, through doorways or near heaters. Check cords for damage before use.
- Extension cords must have a big enough wire for larger appliances.
- If you have a broken plug outlet or wire, get it fixed right away.
- Use a ground on 3-wire plugs to prevent shock in case of electrical fault.
- Do not overload outlets with too many plugs.
- Use three-prong adapters when necessary.

Smell Gas?

- Open windows and doors.
- Shut off appliance involved. You may be able to refer to the front of your telephone book for instructions regarding turning off the gas to your home.
- Don't use matches or turn on electrical switches.
- Don't use telephone - dialing may create electrical sparks.
- Don't light candles.
- Call Gas Company from a neighbor's home.
- If your gas company offers free annual inspections, take advantage of them.

Fire

Pre-plan and practice your fire escape. Look for a plan at least two ways out of your home. If your fire exit is through a window, make sure it opens easily. If you are in an apartment, know where the exit stairs are located. Do not use the elevator in a fire emergency. You may notify the fire department ahead of time if you have a disability or special needs. Here are some steps to prevent fires:

- Install smoke detectors. They are your best early warning. Test frequently and change the battery every year.
- If there is oxygen in use, place a "No Smoking" sign in plain view of all persons entering the home.
- Throw away old newspapers, magazines and boxes.
- Empty wastebaskets and trashcans regularly.
- Do not allow ashtrays or toss matches into wastebaskets unless you know they are out. Wet down first or dump into toilet.
- Have your chimney and fireplace checked frequently. Look for and repair cracks and loose mortar. Keep paper, wood and rugs away from area where sparks could hit them.
- Be careful when using space heaters.
- Follow instructions when using heating pad to avoid serious burns.
- Check your furnace and pipes regularly. If nearby walls or ceilings feel hot, add insulation.
- Keep a fire extinguisher in your home and know how to use it.

If you have a fire or suspect fire

1. Take immediate action per plan -Escape is your top priority.

2. Get help on the way - with no delay. CALL 9-1-1.
3. If your fire escape is cut off, close the door and seal the cracks to hold back smoke. Signal help from the window.
